MINI GUIDE:

XFactor Cleaner

BY APPOINTMENT TO HIS MAJESTY KING CHARLES III MANUFACTURER OF ENVIRONMENTALLY FRIENDLY CLEANING PRODUCTS DELPHIS ECO, LONDON

DELPHIS eco PROFESSIONAL CLEANING

APPLICATION & DIRECTIONS

Apply a small amount to a damp cloth and wipe the area clean. For tough marks, spray directly onto the surface and leave to penetrate and then wipe clean with clean water.

Expiry: 2 years from manufacture date on bottle.

AREAS OF USE

Appropriate for both internal and external use. Can be used across floors, tiles, desks, skirting boards, radiators, etc

WARNINGS

HEALTH & SAFETY

Use only as directed. Do not mix different cleaners. Seek medical attention if you are in discomfort or if any symptoms persist.

Eye Contact: Avoid contact with eyes, if product gets into eyes, rinse with water. Can cause eye irritation if used incorrectly.

Skin Contact: Avoid contact with skin, if product gets onto skin wash with water and remove any contaminated clothing.

Ingestion: Do not drink, if swallowed drinking water may be beneficial, do not induce vomiting.

Inhalation: Avoid inhaling product, move to fresh air if in discomfort.

PPE

Always wear the correct protective clothing if required. For best results we recommend using the correct dosing and colour coded microfibre cloths.

DISPOSAL

Dirty, used washing solution should be disposed of via drains that lead only to foul sewers. Do not allow detergent solutions to contaminate surface water drains. In the event that concentrated product should need to be disposed of, run small amounts to foul waste, diluting with plenty of water. For larger quantities, seek advice on disposal from the local authorities. Delphis Eco products are packed in fully recyclable containers. Empty containers should be rinsed thoroughly, the washings being run to foul waste. The containers may then be sent for recycling. Dispose of all waste in a responsible manner. Be aware of the environment.
