Application and Directions

Directions: Apply to surface by spray or brush and leave to stand. For heavy soiling allow 10-15 minutes contact time and agitate. For larger surface areas such as floors, use a mop and bucket. Rinse well with clean water.

General cleaning: 1 part concentrate to up to 50 parts water.
Light cleaning: 1 part concentrate to up to 80 parts water.
Heavy cleaning: 1 part concentrate to up to 10 parts water.

Proper dosage saves cost and minimises environmental impact: Using this EU Ecolabelled product according to the dosage instructions and at the lowest possible temperature will contribute to the reduction of water pollution and waste production. Delphis Eco encourage users to reduce waste going to land fill by recycling empty bottles.

Areas of Usage

For indoor use, but can be applied safely outside:

- masonry and brickwork
- stone and concrete
- tiled walls and floors
- stone walls and floors
