BY APPOINTMENT TO HIS MAJESTY KING CHARLES III MANUFACTURER OF ENVIRONMENTALLY FRIENDLY CLEANING PRODUCTS DELPHIS ECO, LONDON

DELPHIS eco PROFESSIONAL CLEANING

our info sheet for...

Destainer Powder

Our Destainer Powder removes beverage stains, tannin and bacteria from drinking glasses, tea and coffee cups, tea pots, and cutlery. It can also be used for cleaning out the reservoir and internal components of juice machines and coffee machines.

Benefits

- ✓ Restores a bright sparkle
- ✓ Effective in hard and soft water
- ✓ Non-foaming
- ✓ Safe in septic tanks if used as directed

Application and Directions

Manual destaining: Add 10g per litre of warm water. Put tea and coffee cups into a sink or bowl of warm water, soak for 10-15 minutes, rinse thoroughly or pass through dishwasher. Increase contact time for heavy staining.

Machine destaining: For specific pieces of equipment such as a juice machine or coffee machine refer to manufacturers guidelines and task card.

For best results use on a regular basis.

Proper dosage saves cost and minimises environmental impact: Delphis Eco encourage proper dosage and users to reduce waste going to land fill by recycling empty containers.

Areas of Usage

- Drinking glasses, cups, vessels, etc.
- Drinks machine equipment
- Cutlery and kitchen knives, utensils, etc

Safe Handling and Storage

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.
